Report on the Financial Statements

We have audited the accompanying financial statements of the Califa Group (Group), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements. The prior year summarized comparative information has been derived from the Group's June 30, 2016, financial statements in which an unqualified opinion was expressed on those financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Group as of June 30, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 27, 2017 on our consideration of the Group's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Group's internal control over financial reporting and compliance.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Summary of Organization

The Califa Group (Group) is a membership-based service bureau formed on November 6, 2003, that began operations on July 1, 2004, designed to provide member-enhanced, value-added services to all California libraries. On behalf of its members, Califa brokers and facilitates the delivery of products and services for those libraries. Califa sponsors statewide projects and receives substantially all of its funding from California libraries through membership fees with certain portions of its funding originating with the State and Federal government and private foundations.

A. Cash and Cash Equivalents

Cash and cash equivalents consist of cash held in a checking account and certificate of deposits with Boston Private Bank & Trust Company and in an investment pool managed by the State of California named the Local Agency Investment Fund (LAIF).

Concentration of Credit and Market Risk

Financial instruments that potentially expose the Group to concentrations of credit and market risk consist primarily of cash and certificate of deposits in Boston Private Bank & Trust Company and LAIF. Cash and certificate of deposits are maintained at high quality financial institutions and credit exposure is limited at any one institution. The Group has not experienced any losses on its cash equivalents. The Group's investments do not represent significant concentrations of market risk inasmuch as the Group's investment portfolio is adequately diversified among issuers, industries, and geographic regions through Boston Private Bank & Trust Company and LAIF.

B. Property and Equipment and Depreciation

Land, buildings and other property and equipment are stated at cost if purchased or at fair market value at date of donation if donated for assets valued at \$500 or more. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets. Expenditures for maintenance and repairs are charged to expense as incurred. Replacements and capital improvements are added to property and equipment.

C. Net Position

Temporarily restricted net positions are made available for specific program services based upon certain time restrictions. As these restrictions expire, amounts are transferred to unrestricted net position in the Statement of Activities. The Group had no temporarily restricted net position for fiscal year 2015-16.

Permanently restricted net position are restricted in perpetuity, with the income expendable to support specific programs. The Group had no permanently restricted net position for fiscal year 2016-17.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, *continued*

E. Income Taxes

The Group is exempt from taxation under Internal Revenue Service Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701d.

F. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America includes the use of estimates that affect the financial statements. Accordingly, actual results could differ from those estimates.

G. Functional Allocation of Expenses

Costs of providing the Group's programs and other activities have been summarized in Note 10. During the year, such costs were accumulated into separate groupings as either direct for program services or direct management and administrative costs. Indirect costs were not allocated to the programs.

2. CASH AND INVESTMENTS

Cash and investments at June 30, 2017, at fair value were as follows:

	Balance as at 30-Jun-17
Cash in bank	\$ 119,561
Local Agency Investment Fund (LAIF)	4,617,934
Vanguard	519,793
Boston Private Bank & Trust Company - Certificate of Deposit	259,530
	<u>\$ 5,516,818</u>

Investment income consisted of interest income in the amount of \$58,001 recorded to unrestricted net assets.

Califa Group
Notes to Financial Statements, *continued*
For the year ended June 30, 2017

3. ACCOUNTS RECEIVABLE

Accounts receivable balances consisted of total amounts receivable from member libraries with the following concentrations:

	<u>Balance as of June 30, 2017</u>	
Cities and Counties	\$ 2,366,875	92.15%
Other	<u>201,587</u>	<u>7.85%</u>
	<u>\$ 2,568,462</u>	<u>100%</u>

No individual amount was considered by management to indicate a higher degree of risk of collectability, therefore an allowance account was not deemed necessary. Management's assessment was based upon the current nature of the receivables and the experience and knowledge of the Group's members.

4. PROPERTY AND EQUIPMENT

	<u>Cost</u>	<u>Accumulated Depreciation</u>	<u>Net Book Value</u>
Computers and furniture	\$ 45,516	\$ (40,428)	\$ 5,088

There were no additions or retirements to property and equipment during the year. Depreciation was \$1,983 and \$2,521 for the fiscal years ended June 30, 2017, and 2015, respectively.

5. ACCOUNTS PAYABLE

Accounts payable balance at June 30, 2017, consisted of amounts with the following concentrations:

	<u>Balance at June 30, 2017</u>	
CENIC	\$ 852,161	76%
AMS.NET	33,972	3%
New Media Learning	35,000	3%
Others	<u>199,545</u>	<u>18%</u>
	<u>\$ 1,120,678</u>	<u>100%</u>

Amounts payable to CENIC, AMS.NET and New Media Learning represent vendor payment for services provided related to the performance of the federal grant programs and as a whole represent 82% of accounts payable balance. Other amounts do not represent a specific concentration with any single vendor.

Califa Group
Notes to Financial Statements, *continued*
For the year ended June 30, 2017

6. UNEARNED REVENUE

Amounts recorded to deferred revenue in the amount of \$494,028 consisted of balances related to income, reimbursements, and deposits for the next fiscal year, which have not yet been earned.

7. OTHER UNRESTRICTED REVENUES - GOVERNMENT GRANTS

As presented in the Statement of Activities on Page 4, the primary source of revenue is received from the Federal Government and State of California with the detail grant classifications as follows:

8. RELATED PARTY TRANSACTIONS

The Group entered into a contract with Peninsula Library System (PLS) for administrative, accounting, and technology support for \$744,676 payable in four equal, quarterly installments. As allowed by grant provisions these amounts were charged to contractual services in program services. This was not a significant concentration of expenses since it did not constitute a 20% portion of either the category in which it was charged or total expenses for the year.

9. CONTINGENT LIABILITIES

The Group's grants and contracts are subject to inspection and audit by the appropriate governmental funding agencies. The purpose is to determine whether program funds were used in accordance with their respective guidelines and regulations. The potential exists for disallowance of previously funded program costs. The ultimate liability, if any, which may result from these governmental audits cannot be reasonably estimated and, accordingly, the Group has no provision for the possible disallowance of program costs on their financial statements.

Califa Group
Notes to Schedule of Expenditures of Federal Awards
For the year ended June 30, 2017

1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Group and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

2. DESCRIPTION OF MAJOR PROGRAMS

State Library Program (CFDA #45.310)

As authorized by the Library Services and Technology Act; Museum and Library Services Act of 1996, Title II, Public Law 104-208, to consolidate Federal library services programs; to stimulate excellence and promote access to learning and information resources in all types of libraries for individuals of all ages; to promote library services that provide all users access to information through State, regional, and international electronic networks; to provide linkages among and between libraries; and to promote targeted library services to people of diverse geographic, cultural, and socioeconomic backgrounds, to individuals with disabilities, and to people with limited functional literacy or information skills.

3. INDIRECT COST ELECTION

Califa has elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Governing Board
Califa Group
San Mateo, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Califa Group (Group), which comprise the consolidated statement of financial position as of June 30, 2017, and the related consolidated statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 27, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Group's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control. Accordingly, we do not express an opinion on the effectiveness of the Group's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Group's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM
GUIDANCE**

Independent Auditor's Report

Governing Board
Califa Group
San Mateo, California

Report on Compliance for Each Major Federal Program

We have audited the Califa Group's (Group) compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Group's major federal programs for the year ended June 30, 2017. The Group's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Group's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Group's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Group's compliance.

Opinion on Each Major Federal Program

In our opinion, the Group complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of the Group is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Group's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Group's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
