## Project Schedule:

Relative week	1	2	3	4	5	6	7	8	9	10	11
Contract award											
Project startup meeting											
Preparation of cables and network at the library											
Production and delivery of open+™ components											
Installation of open+™											
Training of library staff											
Launch of open+™											

## Important points:

- Library responsible for electronically controlled door locks and wiring to the open+ controller – controller does not power locks (Dry contact relays – NC/NO/CM)
- Library runs network cables for cameras if applicable – bibliotheca provided cameras not required for open+
- Library provides network infrastructure
- Bibliotheca provides CAT7 cable cut to length for connection between the EP and Controller (Power, Data, Display all on the CAT7 Cable)
- We are happy to speak to any internal facilities team members or third party contractors
- Speaker wire run if applicable (basically, the running of all cables)
- Low voltage wiring connection to alarm relay (bistable relay)
